- **Command Post**
- **Student Assembly Area**
- **First Aid Areas**: Immediate, Delayed, and Psychological (Consider access for emergency vehicles, a site not readily visible to students, press, parents. Entry to the first aid area will be a triage area. Separate psychologically traumatized students from physically injured students.)
- **Parent Request Gate** (Consider the logical place for parents to arrive at school to pick up their students. Be sure that this gate is clearly posted at all times.)

Guidelines for Preparing a Buddy Teacher List

Consider:

1. Assign teachers in adjacent or nearby rooms as "buddies."

2. Review evacuation routes.

3. After incident & classroom status check, buddy teachers check with each other to determine: each other's health status, need to assist with injuries, need to stay with injured students, etc. If possible, injured students should not be left alone. **Remember.** Teacher's responsibility is to all students, but in situations which threaten the lives of all, **do the greatest good for the greatest number.**

4. If necessary, one buddy teacher will evacuate both classrooms. Students should exit **without** the teacher leading them. Teacher should stay back to check the classroom & close the door (do not lock). If both buddy teachers are available for evacuation, one leads and the other brings up the rear, checking briefly to make sure that both classrooms are empty and closing doors.

5. Once in assembly area, buddy classrooms line up next to each other for student accounting. All teachers are to fill our written Student Accounting Forms to be delivered to the Command Post. Assembly area buddy assignment may or may not be the same as classroom buddy.

6. Each classroom kit should contain teacher's class roster **as well as** buddy classroom roster.

7. **Immediately** following student accounting, one member of each buddy team checks in at the Command Post.

8. In emergency situations which do not involve evacuation, it may be necessary to move all students from one buddy's classroom into the other. One of the teachers is then available for assignment.

9. Be sure that substitute teachers know the emergency procedures as well as who and where their buddy teacher is.

Dear Parents

The Visalia Unified School District Board of Education has stated that a primary goal of the school district is to ensure positive and safe learning environments. A safe school environment provides the basic atmosphere where learning is maximized. All Visalia Unified School District staff participate in maintaining this safe and positive environment. Each school site has developed a comprehensive safe school plan with the input from parents, staff, students and community agencies such as law enforcement. These plans address key safety improvement needs and are evaluated on a regular basis. They address all aspects of school safety such as the physical facilities and grounds; conduct codes; staffing needs; positive learning approaches and character education.

Each school site and the school district has also developed crisis response plans which provide staff and students with efficient, safe and orderly prepared responses in case of a crisis or disaster occurring at the school(s). The school district has worked closely with the community’s emergency response agencies such as law enforcement, fire, hospital and others. School staff have been selected and trained to carry out specific roles in a disaster such as first aid, parent contacts, student release, etc. In the case of a disaster, our school has selected the following tentative locations on campus to use as gathering place for parents and students.

1. Crestwood Playground
2. Crestwood Building #11 Cafeteria
3. Visalia United Methodist Church
   5200 W. Caldwell Ave.
   Worship Center
   627-1660

In case of a disaster on our school campus, please do not use the telephone to call us, as phone lines will be needed for emergency communications. Listen to your local radio station for incident information as to where to pick up your children.

Students have the right to a safe campus and learning environment. Prevention of school safety problems is a priority of all school staff, parents and students. The disaster preparedness plans are in place, but hopefully never needed. Each day students come to school to learn, be safe and enjoy the learning environment. Keeping safety in mind, in all we do, makes this possible.

Sincerely,

Debbie Peterson,
Principal
Crestwood Elementary School
Estimados Padres:

La Junta de Educación del Distrito Escolar Unificado de Visalia ha declarado que una meta primaria del distrito escolar es asegurar un ambiente de aprendizaje positivo y seguro. Un ambiente escolar seguro provee la atmósfera básica donde el aprendizaje es máximo. Todo el personal del Distrito Escolar Unificado de Visalia participa en mantener este aprendizaje seguro y positivo. Cada escuela ha desarrollado un plan comprensivo de seguridad escolar con la participación de los padres, empleados, estudiantes y agencias de la comunidad así como el enforce de la ley. Estos planes dirigen a necesidades claves para mejorar la seguridad y son evaluadas en manera continua. Ellos dirigen todos los aspectos de seguridad escolar tales como instalaciones físicas y terrenos, códigos de conductos, necesidades del personal, métodos de aprendizaje positivo y educación de carácter.

Cada escuela y el distrito escolar también han desarrollado un planes de reacción a crisis las cuales proveen a los empleados y estudiantes con reacciones eficientes, seguras y ordenadamente preparadas en caso de que una crisis o desastre ocurra en la escuela (s). El distrito escolar ha trabajado muy de cerca con las agencias de reacciones de emergencia de la comunidad tales como el enforce de la ley, fuego, hospital y otros. El personal de la escuela ha sido seleccionado y entrenado para llevar a cabo papeles específicos en una desastre tales como ayuda primaria, contactos con los padres, liberar a los estudiantes, etc. En el caso de un desastre, nuestra escuela ha seleccionado las siguientes posibles localidades en el campo escolar para usar como lugar de reunión para los padres y estudiantes.

1. Crestwood Campo de Jugar
2. Crestwood Edificio numero 11 Cafetería
3. Visalia United Methodist Church
   5200 W. Caldwell Ave.
   627-1660

En el caso de un desastre en la escuela, no use el teléfono para llamamos, por que las líneas telefónicas serán necesarias para comunicación de emergencia. Escuche su estación de radio local para información del incidente como para recoger a sus niños.

Los estudiantes tienen el derecho a un ambiente de aprendizaje y un campo escolar seguro. La prevención de problemas de seguridad escolar es una prioridad para todo el personal escolar, padres y estudiantes. Los planes de preparación para un desastre están listos, pero esperando que nunca sean necesario usarlos. Cada día los estudiantes vienen a la escuela a aprender a estar seguros y a gozar el ambiente de aprendizaje. Mantener la seguridad en mente, en todo lo que hacemos hace esto posible.

Sinceramente

Debbie Peterson,
Director
Escuela Primaria Crestwood
